Press Release: Telocon Solutions and Company Nurse Integrate to Lessen the Pain of Workers' Comp for California School Districts

California (June 25, 2018) - [Telocon Solutions](#), creator of Cypher – the leave tracking and claims management software, and [Company Nurse LLC](#), the premier nurse triage service for workplace injuries, have integrated to ease the administration of employee leave for school districts of California.

The two companies have seamlessly integrated the flow of employee workplace injury data for school districts such as Hesperia and Val Verde from the point of injury report and triage (through Company Nurse) to assist with management of leave benefits (through Cypher).

[Read on here.](#)

The founders of both Company Nurse (Paul Binsfeld) and Telocon Solutions (Joseph Telezinski) will be at [CAJPA](#). Reply to this email if you'd like to meet up and learn more about the companies' integration.

It's conference season! You can find us at these events:

- **EIS: September 5th-6th**
- **CWC & Risk Conference: September 5th-7th**

Adventures in Pooling

Going to CAJPA? Well, you're in luck.

In honor of the conference's theme, Adventures in Pooling, we'll be raffling off this camping set, complete with a tent, sleeping bags, pillows, and lantern.

Stop by booth #312 for your chance to win!

A Part of the Solution: How Employers and the Insurance Industry can Fight Substance Abuse

By Murphy Jensen, co-founder and EVP of Corporate Development of [WEconnect Recovery](#) and Paul Binsfeld, president and founder of [Company Nurse, LLC](#)

In the workers' comp world, we've seen the consequences of addiction and substance abuse affect the lives of injured workers and their families. And it's not just individuals who are affected by this crisis. Organizations, like employers and insurance companies, aren't exempt.

With employees and insureds struggling with addiction, these organizations are finding that they must confront the reality of this growing epidemic and do anything in their power to fight it. How? [We teamed up with WEconnect to explain.](#)

*If you're interested in learning more, both Paul and Murphy will be attending the **Entrepreneurial Insurance Symposium (EIS)**, where WEconnect will present solutions in technology for addiction recovery.*

**Ready to start saving time, money,
aggravation and take care
of employees, too?**

Call Company Nurse first.
