## Developing Excellence in Your Cyber Security Management

*By Henry Svendblad, chief technology officer of Company Nurse, LLC*

In today's world, you can't go a day without hearing another story of a cyber security breach. And no organization is exempt— [especially sophisticated and established organizations with disparate systems whose breaches can affect thousands to millions of people](#).

That's why I've put together the industry's best practices for your organization to develop excellence in your **cyber security management**. You'll see how making

informed decisions about your architecture and security can turn this security challenge into a strategic advantage for your organization.

## NEWS

### Company Nurse Named One of the "Best Entrepreneurial Companies in America" by Entrepreneur Magazine's Entrepreneur360 List for the Second Consecutive Year

**SCOTTSDALE, ARIZONA, October 1, 2019** – [Company Nurse](#), the premier nurse triage service for workplace injuries, was recognized, for the second consecutive year, as one of the "Best Entrepreneurial Companies in America" by *Entrepreneur* magazine's Entrepreneur360™ List, a premier study delivering the most comprehensive analysis of private companies in America. Based on this study forged by *Entrepreneur*, Company Nurse is recognized as a well-rounded company that has mastered a balance of impact, innovation, growth, leadership, and value.

"I'm proud to see Company Nurse rise in the ranks of the 'Best Entrepreneurial Companies in America,'" states Paul Binsfeld, president and founder of Company Nurse. "This past year has been transformative for our organization. By continuing to embrace new technology, while growing our team and internal resources, we've strengthened our reputation as an industry changemaker."
