Recent Guidelines and Managing Workplace Health and Safety

From the pandemic to the “Great Resignation,” the events of the past two years have transformed organizations everywhere, driving innovation for workplace health and safety.

And as organizations prepare for the new year, they can expect the landscape of workplaces to continue to evolve. President Paul Binsfeld shares his predictions for 2022’s workplace health and safety trends in *Public Risk*’s latest issue.

Learn how Company Nurse can help you address these trends by reaching out to your team or by clicking “learn more.”
